I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to Mail Stop Missing Parts, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on September 13, 2006.

Name of person signing Minnie Wilson

Signature Minnie Wilson

PETITION FOR ACCEPTANCE OF LATE PAYMENT OF ISSUE FEE

Mail Stop ISSUE FEE
Honorable Director of Patents and Trademarks
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This petition is being filed because the Notice of Allowance for this application was never received from the Patent and Trademark Office for unknown reasons. Therefore, no petition fee is believed to be due under the circumstances as explained below.

The firm of the undersigned, after responses are submitted to the Patent and Trademark Office, docket an application for a review in six months if no response has been received from the Patent and Trademark Office within that time. Thus, when nothing was received from the Patent and Trademark Office in relation to this application within six months following the filing of the after final response on March 8, 2006, the docket report of the firm of the undersigned on September 8, 2006 included this application, as will be evident from the first attachment hereto on the first page, where this application is highlighted as well as the sixth month date to contact the Patent and Trademark Office.

The undersigned therefore checked the Patent and Trademark Office on Private Pair, and found, to his surprise, that a Notice of Allowance was supposed to have been mailed by the Patent and Trademark Office on May 5, 2006. The issue fee was therefore due on August 7, 2006. However, the Notice of Allowance was never received (although the undersigned downloaded a copy for his files and for payment of the issue fee). The docket system of the firm of the undersigned identifies items received from the Patent and Trademark Office by the PTO date, as well the due date. Appended hereto as the second attachment is the docket report of the firm of the undersigned, having all items with a base date of May 5, 2006 (which would include the mailing date of the Patent and Trademark Office, if an item was mailed by the Patent and Trademark Office on that date). As can be seen from the second attachment, there is no information regarding the present application, which is client matter number 920476-94867, since the Notice of Allowance was not received from the Patent and Trademark Office.

The firm of the undersigned also, of course, maintain its docket by due dates. When a Notice of Allowance is received from the Patent and Trademark Office, the docket is marked for the due date being three months following the date of the Notice of Allowance. That, therefore, would be August 5, 2006. Attached as attachment three is a report of all matters of the firm of the undersigned showing deadlines for August 5, 2006. Again, as will be seen, there is no entry for this application (client matter number 920476-94867), since nothing had been received from the Patent and Trademark Office.

August 5, 2006, was a Saturday, and although that would have been the docketed deadline, so as to leave no question, attached as the fourth attachment is a report for items due on August 7, 2006. Again, as will be seen, there is no entry for client matter number 920476-94867 since the Notice of Allowance had not been received and therefore was not docketed.

The undersigned has no explanation as to why the Notice of Allowance was not received, since the address identified by the Patent and Trademark Office in the Notice of Allowance is correct. While one could speculate as to why the Notice never arrived, that would only be speculation, and the fact is that the Notice of Allowance was never received, and apparently, if sent, was lost in transit.

It is therefore requested that this petition be granted, and since this is a matter regarding loss of a document mailed by the Patent and Trademark Office, no petition fee is due. If the Patent and Trademark Office deems any fee to be due, however, that fee may be deducted from Deposit Account No. 12-0913, after telephone authorization by the undersigned.

Granting of this petition and issuance of the patent without delay are therefore requested.

September 13, 2006

Respectfully submitted,

A handwritten signature in black ink that reads "William M. Lee, Jr." with a stylized flourish at the end.
